Summary

My goal is always to expand my knowledge as a Dev, putting the acquired knowledge into practice, with ethics and responsibility.

I always try my best to create the best applications, being in tune and communicative with the team is vital to the progress of the requirements.

Currently, I work as a ReactJs Front-end developer.

Knowledge of technologies:

JavaScript, Typescript, ReactJs, NextJs Redux, Redux Sagas, Styled components, SASS, TailwindCss, Mock and TDD.

Experience

Software Engineer

CF Partners

Nov 2022 - Present (3 months)

- React Js
- Next Js
- Typescript
- Javascript
- Jest
- Tailwindcss
- DaisyUI
- PHP
- JQuery
- Ajax

Frontend Developer

Banco SB

Jan 2022 - Present (1 year 1 month)

- React Js
- Next Js
- Typescript
- Javascript
- Redux
- Redux Saga
- Jest
- Styled Components
- Tailwindcss
- DaisyUI

Software Engineer

Brazilian Army (Exército Brasileiro)

Sep 2018 - Feb 2022 (3 years 6 months)

- Java script
- React JS
- Node JS
- Laravel
- PHP e SQL Basic
